From Tom....planes and such
Nearly done with another of Terry's
airplanes.

Nearly done with the Wisconsin Magnum rebuild.

Tom's son Grant flying

Club Picnic

6/4/2022

The club picnic was a huge success a great time to see so many faces after covid stopped us getting together. It was windy so only those seasoned fliers like Keith, Rachel and Tom took to the sky.

I proposed this event to honor our members we've lost over the years and I wish to thank all who participated and

brought some pot luck treats for us to enjoy with the burgers and hot dogs.

Jeanette Taylor, Lori Lange, Derek and his family along with the wives of Jim and Don joined us in honoring these cherished members we've lost.

Bob Cheney

We invited the staff from Atlantic Aviation to come out and grab a burger and fixings. After we were done I thanked the staff for letting us do this. Their response was "what time next year"

Flying report for Friday June 17

Sean, Dave, John, Tom and Ava met at the field for a couple of hours. All of us except Sean and Ava had some issue or other. The glow plug fell out of the Vector 40, ending the flight. Seemed strange that it was losing power at the end.

Grand niece Ava put in a lively flight with the Ringmaster Junior. We had to hand launch the airplane because it could not navigate the plants.

The field is weedy, which caused problems on takeoff. It needs a mow and more grass.

Tom Sontag
